

Call for Student Treatment Research Proposals

“The LSVT Global student grant made my research study possible! Thank you so much for the opportunity to apply for this grant and for all your efforts with this grant process. I really appreciate it.”

LSVT Global Student Grants (LSVT-SG) for Behavioral Treatment Studies with Adult or Pediatric Neurological Disorders

Call for Proposals

Award Period: September 1, 2021 – August 31, 2022

Purpose: To provide funding to speech-language pathology graduate students (including post-doctoral trainees) planning on or completing behavioral treatment studies related to speech, language or swallowing disorders resulting from neurological disease or damage.

Note: Awards are non-restricted, that is, the behavioral treatment does not need to be LSVT LOUD. Domestic (USA) and International applications are welcome.

Deadlines

Letter of Intent Due: May 27, 2021

*Invitations to write a full proposal will be sent within 1 week of this date (June 3, 2021).

Proposals and Application Due: July 1, 2021

Award: September 1, 2021 – August 31, 2022

Eligibility: Graduate students (masters, doctoral or post-doctoral trainees) in speech-language pathology training programs whose university supports research.

Amounts: Awards are \$1,500. Two grants will be awarded.

Speech-Language Pathology Research: Proposals that require funding for behavioral treatment studies. These proposals can include behavioral treatment studies related to any speech, language, or swallowing disorder that results from neurological damage. Populations studied could involve any age so long as there is a diagnosis of a speech, language or swallowing disorder resulting from neurologic damage or disease. It is expected that an LSVT-SG will result in a presentation of findings at a national or international meeting appropriate to the research study proposed.

Application Procedures: Email geralyn.schulz@lsvtglobal.com for Letter of Intent and full application submission Instructions.
